

Barrel & Container Cleaning Systems

Wash & Empty at the Same Time

Series BRA (H.S.)

Wash and siphon simultaneously saving time & money with reduced handling of a barrel or similar container.

BRA (H.S.) Standard 4.02 Heavy Duty Specifications

Hand-operated internal cleaner for barrels or containers, which cleans & siphons off the dirty water at the same time.

The three dimensional rotating cleaning head reaches every corner inside the barrel or container. At the same time a suction foot allows dirty water, which accumulates during the cleaning process, to be siphoned off. Equipped with handle, stainless steel motor cover. Water distribution: 2/3 for cleaning, 1/3 siphoning. Can be connected to any commercial high pressure washer with a min. water flow of 13l/min.

Gear Motor	230V, 50Hz, 17rpm.
Spray Head	ø 37mm
Nozzles	2 (5°)
High pressure inlet	M22x1.5
Dirty water outlet	ø 16mm

Optional

Special voltage	24,115 volts
Extended suction tubes for larger vessels	

BRA (H.S.) Flex 2.02

Specifications

Special cleaner with flexible shaft and slender motor cover for easy insertion into an opening of a container in a stack.

Cleans barrels & containers and siphons off the dirty water at the same time. Can be connected to any commercial high pressure washer with a min. water flow of 13l/min.

Angular gear motor	12V DC 17rpm.
With adaptor	230V, 50Hz
Spray head	ø 37mm
Nozzles	2 (5°)
High pressure inlet	M22 x 1.5
Dirty water outlet	ø 16mm

BRA (H.S.) Simplex Medium Duty Specifications

Hand-operated internal cleaner for barrels or containers, which cleans & siphons off the dirty water at the same time.

Medium duty internal cleaner of barrels & containers. The three dimensional rotating cleaning head reaches every corner inside the barrel or container. At the same time the suction foot allows the dirty water to be siphoned off. Powder coated motor cover. Can be connected to any commercial high pressure washer with a min. water flow of 13l/min.

Gear motor	12V DC 17rpm
With adaptor	230V, 50Hz
Spray head	ø 37mm
Nozzles	2 (5°)
High pressure inlet	M22 x 1.5
Duty water outlet	ø 16mm
